Step 3: Crafting the Flute Body

Follow these steps to create the body of your flute:

1. Cut a piece of wood to the desired length and diameter.

2. Drill a hole for the mouthpiece near one end.
3. Drill and ream finger holes along the body.
4. Shape and smooth the body using chisels and sandpaper.

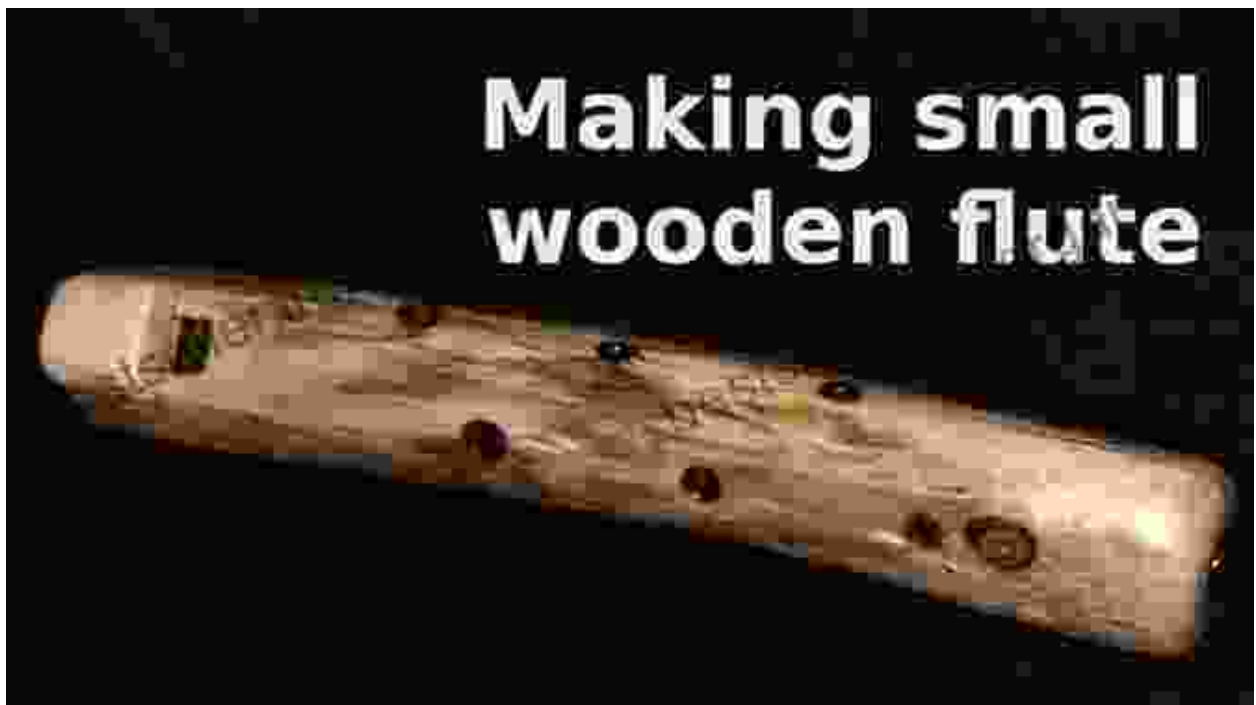

Step 4: Carving the Mouthpiece

The mouthpiece is crucial for controlling air flow. Here's how to carve it:

1. Drill a shallow hole at one end of the body.
2. Use a chisel to shape the mouthpiece wedge.
3. Sand the mouthpiece to achieve a smooth and comfortable edge.

Step 5: Finishing Touches

Add the final touches to enhance your flute's beauty and durability:

Embracing the Joy of Flute Making

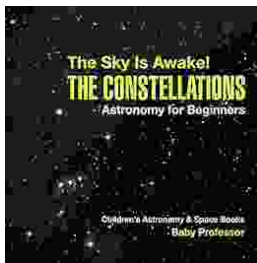

Crafting your own wooden flute is a rewarding and enchanting experience. Embrace the process, experiment with different techniques, and let the music flow through you. Your handmade flute will become a cherished instrument that fills your life with melody and joy.
